

EB-L200F

DATASHEET / BROCHURE

Deliver content easily through a scalable display of up to 500 inches, combined with stream and share connectivity.

The EB-L200F is an entry-level Full HD laser projector with lots of features, it is the ideal replacement for existing lamp-based models. It offers 4,500-lumen brightness, a range of wireless and wired connectivity and a scalable display size of up to 500 inches.

Elevate your presentations

This ideal Full HD laser display solution allows you to upgrade to laser performance and reliability without paying a premium. High contrast of 2,500,000:1 and 3LCD technology provides clear content in any working environment, helping to minimise eye strain and keep audiences engaged so you can deliver outstanding presentations.

Stream content easily

Enhance your delivery with built-in wireless LAN and Screen Mirroring (Miracast) through phones, streaming devices, laptops and much more.

Stylish new design

The fresh, modern and lighter design compared to other laser products of similar brightness, makes it easy to replace existing units with the EB-L200F. It can be mounted at and project from any angle, making the EB-L200F ideal for any scenario or simply use it as a portable laser projector, moving it from location to location.

Years of uninterrupted usage

Project for longer with exceptional reliability and a longer usage life of up to 30,000 hours in Eco Mode (20,000 hours normal). The EB-L200F is covered by a five-year warranty.

KEY FEATURES
